OFFICIAL PAPER OF THE STATE.

N. Fling out the Old Flag—the Red, White and Blue, With the Stars of a Union unbroken and true! Arise an I defend it ye sons of the brave, Whose blood bought the banner your valor must save

WEDNESDAY MORNING, MARCH 15, 1865.

British Colonial Federation.

The Colonial Confederation scheme contemplates the union under one government of the two Canadas, Nova Scotia, New Brunswick, Newfoundland and Prince Edward's Island. The remainder of the British North American Provinces are asked to enter into the Confederation if they deem it to their advantage to do so. The new Federal Parliament is to be composed of two branches, one of which will be appointed by the Crown; the other will be chosen by the people. The sovereign power is to be vested in the Queen. Under the Queen, the sovereignty of the Federal Parliament is to be recognized, and subordinate to that, the Provincial Legislatures are to exercise their peculiar local functions.

This plan of government was resolved upon by a general conference of the provinces above named, held at Quebec about the first of November last. The scheme was to be submitted to the Legislature of each Province that it might be approved or rejected. When the proposed union should be adopted by the various colonies, the Imperial Parliament of the mother country was to be asked to concur in the act of federation. By one or two of the provinces the plan of union has been rejected, but information has reached us that it has been assented to by the Canadian Parliament, and that it will be consummated by these two provinces for themselves, leaving the others to follow their example at a future time if it suits their convenience or interest to become members of the new confederation. It may not be unlikely that the smaller provinces, as Prince Edward's Island and New Brunswick, will for some time hesitate to adopt the new form of government, since any political community, however small it may be, is extremely apt to regard with disfavor any measure which involves the loss, even in the smallest degree, of the peculiar attributes of local or general sovereignty.

Should the plan of confederation be acquiesced in by all the colonies, the result will be the virtual creation of a new nation. It is well understood that Great Britain will give her assent to the proposed scheme. Indeed she seems to be anxious to cut her sturdy colonies loose from the leading strings in which they have so long been held. She seems to be glad to permit them to assume a sort of independent political existence, partially distinct from that of the parent country. The time has gone by when England could afford to hazard a great war for the protection of the colonies upon which, by their own indiscretion, such a calamity is likely to be visited. The confederation, if adopted, will be another step in the curtailment of the power of Great Britain in North America. It is not at all likely—it does not fall within the range of human probabilities—that the present relations between those colonies and the mother country will always, or even very long, be maintained. The present project of confederation seems to be a process by which they are in part to be set free, to be permitted to assume a portion of the functions of independent sovereignty and to enter upon the first stages of a career of their own. They must always be our neighbors; hence we cannot but feel a deep interest in the polity of their government. During our present civil war they have not treated us with fairness; their course in this particular having been even more objectionable and faithless than that of England herself. It will be to the interest of British North America to cultivate a spirit of amity toward the United States; for whatever may be the political connections of those Provinces, they must ever be more intimately associated with our country than any other. The United States, being one of the great powers of the world and conscious of her own strength, is incapable of any feeling of jealousy towards her neighbors, and the only thing she asks is to be treated with due consideration and respect by the states with which she holds intercourse. The Canadians may as well, once for all, dismiss every fear of any aggressive act toward them on the part of the United States, unless the latter is forced, in self-defence, to punish her pragmatical neighbours for their bad faith in harboring and neglecting to bring to justice the robbers who make Canadian territory an asylum to which they may resort after committing crimes against our people.

IDEAL MUNIFICENCE.—The New York correspondent of the Springfield *Republican* says that it is proposed to relieve the Government of its embarrassments by making it a present of $2,000,000,000. Patriotic fancy must be immensely developed in those who think the plan feasible and likely to be adopted. Here is the method by which it is to be done:

"It is proposed to make the gift in two hundred thousand shares of $10,000 each, of which Wm. B. Astor, A. T. Stewart and others will take 50,000 shares, making up at least a quarter of the whole amount in New York. The realization of such a project would place both Government and citizens in a prouder position than ever Government or citizen occupied before. History gives no parallel to such an act. The Venetians held in grateful remembrance the name of a man who, by a lifetime of personal sacrifice and hard-faced usury, obtained means to relieve the republic from its financial burdens, and placed it again on the road to prosperity after a long and disastrous war. They forgot his exacting usury and his life of selfishness, in the lasting benefit he conferred upon the State."

SHERMAN'S ORDER FOR THE SETTLEMENT OF NEGROES.—While his headquarters were at Savannah, General Sherman issued an order setting apart for the use of freedmen the islands from Charleston South, the abandoned rice fields along the rivers for thirty miles back from the sea, and the country bordering on the St. John river, Florida. In these settlements no white persons, except soldiers detailed for duty, are permitted to reside. The freedmen are to have exclusive management of affairs, subject only to the regulations of Congress. Their rights to the land are determined by prior occupancy, and it is the duty of the Inspector of Settlements to adjust all conflicting claims between them. The family of a freedman employed in military service are entitled to a homestead though he be absent. The system seems an excellent one, and under its operations these otherwise helpless people can procure their own subsistence.

LOSS OF THE SCHOONER DOYLE AT YAQUINA BAY.—By telegraph from Corvallis we learn that on Saturday last the schooner *Doyle*, engaged in the oyster trade between Yaquina Bay and San Francisco, was coming into the bay, and when nearly over the bar the wind died out, when the ebbing tide carried her back and drove her upon the beach. The vessel and cargo, consisting of Government goods for the Siletz and Alsea Agencies, were almost a total loss.

STRONG CURRENT.—The Willamette river at the present time has sufficient depth for the best of vessels—and is sweeping past our city with a violent current.

As to False and Erroneous Income Returns.

CIRCULAR BY THE [illegible] COMMISSIONER.

Treasury Department, Office of Internal Revenue, Washington, January [illegible]. —Complaints continue to be received at this office that many persons fail to [illegible] and to make full returns. [illegible] that [illegible] willfully [illegible] to their [illegible].

[illegible] which he defrauds [illegible] for, which in [illegible] share of the public [illegible] and that he is against the law, which is violated both civilly and criminally [illegible] and punishment for the offence as a transaction.

Income tax returns are often [illegible] and sometimes also [illegible] purpose to defraud the Government. When in that case fraud is suspected, Assistant Assessors ought not to hesitate to make the necessary inquiries, in order to ascertain the truth.

Delicacy, under such circumstances, must be in a castle and regard for wealth, influence or social position must yield to the higher obligations of official responsibility. Honest men, when properly interrogated, will not in general refuse to afford satisfaction to Government officers, and the dishonest should not be suffered to escape under pretence of sensibilities too nice. [illegible] indisputable imputations without offense. A [illegible] submission to a proceeding which a due execution of the law requires, is demanded in times like these equally by patriotism and good sense, and an appeal to these [illegible] will seldom fail to produce the desired response. If any errors are believed to exist it is not necessary to assume in the first place that they have been committed wilfully; but on the contrary it may be well to advise the taxpayer to amend his return, and to accept it if he avail himself of the opportunity. [illegible] Section 11 of the late Act [illegible] a mode of proceeding which, if vigorously [illegible], will [illegible] the truth.

Taxpayers who are not cognizant of their responsibilities ought to be informed of them, and those who are unable to make out their returns ought to be kindly instructed and assisted by the Assistant Assessors; but willful and incorrigible offenders should be made to recognize the power of the law in the prompt and sure visitation of its penalties. Let Assistant Assessors understand that it is their business not merely to take returns, but to ascertain whether they are correct, and when they have reason to believe them incorrect, to act as already indicated.

When an incorrect assessment is sworn down unfairly, the case should be reported to the Assessor, who should, when probable cause appears, institute an investigation, and make it searching and thorough.

A false return, even though accepted without alteration and the tax paid, has no binding effect on the Government. When the fraud is discovered the Assistant Assessor may make the proper increase, and if the taxpayer shall swear down the assessment on the increased return, he may be proceeded against for the perjury, or, which is the better way, instead of the increase being made, an investigation may be had under Section 11, the just amount of the duty ascertained, and an hundred per cent. added to it by way of penalty. If an Assistant Assessor is destitute of the needed intelligence or vigor, his place ought to be speedily supplied by one better fitted for it, and if the number of Assistant Assessors appointed is not sufficient to work the district, the fact should be communicated at once to this office.

The special income tax, if fairly assessed and collected, will produce more than thirty-five millions of dollars. It depends on the Assessors and their Assistants mainly whether the expectations of the Department and the country, on the subject, shall be realized or disappointed.

Very respectfully, JOSEPH J. LEWIS, Commissioner.

GENERAL BUTLER AND ADMIRAL PORTER.—These distinguished officers have of late been engaged, the one in speech making and the other in letter-writing; the object of each being to show that the other was responsible for the failure of the first attack on Fort Fisher. In Gen. Butler's official report were contained some remarks which reflected severely upon the action of the Admiral, whereat the latter wrote the Secretary of the Navy a very caustic letter, greatly in derogation of the General's military fitness, and also impeaching his honor and veracity. General Butler replied in a speech delivered at Lowell on the 28th of January. The speech is reported at length in the eastern press. It is an able attempted vindication of his official and military conduct since the time the rebellion began. He shows that while he has met with some failures, he has experienced or caused no disasters. The most objectionable feature of his speech is a covert assault on the Lieutenant General. He brings some of his own military failures in contrast with the terrible battles Grant has fought since May last, evidently to the intended disparagement of some of those great exploits. The country puts a high estimate upon the past services of the Lieutenant General, and these attacks will prove harmless against him. Perhaps Butler ought to learn magnanimity from Grant and endeavor to show himself as free from spite and jealousy as the latter has ever been. General Butler's speech is intensely patriotic, and he rejoices with a hearty good will in the splendid achievement of his fortunate successor. The General occupies a large place in the hearts of loyal countrymen, and it is too late, now that he has performed such eminent services, to call him a man of mean ability or an impostor. Yet it must be regretted that a portion of his Lowell speech had not remained unsaid.

ADMISSIONS FOR A SOUTHERN CORRESPONDENT.—"Druid," the Baltimore correspondent of the New York *World*, who seldom writes anything that may be construed unfavorably to the rebels, thus admits the terrible blow to the South in the loss of Savannah:

If it be true that the darkest hour is just before the dawn, then the hour when the Confederate independence will dawn must be close at hand, for the present is most certainly the darkest, in a military point of view, that the South has ever experienced. I have some news from the South this morning which is of a gloomier nature than I have ever received. The fall of Savannah is really a great blow to the South and so it is felt at Richmond. It is not the loss of the city itself that is felt. That is a mere bagatelle. It is the consequences which [illegible] result from the capture which gives the Southern leaders such great concern. In this view the Southern leaders are forced to admit that General Sherman has done well in abandoning Atlanta for the sake of Savannah, because Savannah to the South is worth a dozen Atlantas.

THE REBEL ARMIES.—The New York *Herald* publishes what purports to be a full statement of all the forces the rebels have under arms. Their gross effective military force is computed at 168,950 men. The statement is made by corps, divisions, brigades and regiments. The name of each corps, division and brigade general is given. The estimate may not be nearly correct, yet we have every indication that their armies do not greatly exceed the number. About one-half their men seem to be employed in Virginia; the remainder are scattered from North Carolina to the Rio Grande.

A BIG INCOME.—Alex. T. Stewart, the great dry goods man of New York, paid $2[illegible] as income tax last year. His income return was $4,[illegible]. Fifty years ago there [illegible] man, familiarly [illegible] [illegible].

WAITERS STRIKE.—The hotel waiters of San Francisco have struck for an increase of wages. The proprietors offer them $30 per month, but they demand more. Maguire's Opera House was engaged by them for the evening of March 11th, and they say they had secured the best talent of the State for a performance, probably to raise a fund to work on. Their doctrine may well be: work for the old places again.

The great California coal oil bubble recently inaugurated in the Atlantic cities and promising a product of untold millions at the yield of five yet unexplored wells, is already having a telling effect upon the shipments to this port. Our dealers and traders have discovered this falling off in exports of coal oil to the east and have for some weeks past been endeavoring to corral all the available stock here, and to arrive, at enhanced figures in anticipation of approaching scarcity, and higher prices as soon as our interior trade begins to open.

In Sherman's march through Georgia the honor of capturing Gen. Howell Cobb's celebrated pacing mare, which cost him $25,000 in New York before the commencement of the war, belongs to private Walter Burns, of Company E, 21st Ohio. The poor fellow, however, was afterwards captured and murdered by the rebels. His companions found him dead, with a bullet through his brain and his throat cut. His death was retaliated.

THE POPE AND MAXIMILIAN.—His Holiness has demanded of Emperor Max. that all the church property be restored to the care and control of the Bishops, which sounds plausibly enough, and also that every other religious worship be suppressed in his dominions, which does not sound reasonable at all. The probability is Max. will respectfully forget to comply.

HAD NO DIFFICULTY.—McCarthy, of the *Flag*, denies having had any difficulty with McDonald, late editor of that paper, says the telegram sent us to that effect was a lie and asks to contradict it in the papers which published it. So we call attention to the matter in justice to him.

THE CASE OF THE STEAMER PACIFIC.—We publish herewith a statement of Capt. Burns, Master of the *Pacific*, which fully ... from that made by us yesterday. We did not intend to state the matter to the prejudice of the steamer. We could have had no motive ... The matter was stated yesterday ... to the Collector, himself. We do not desire to express any opinion as to the merits of the case, leaving the whole affair to the proper object of judicial investigation.

SEIZURE OF THE PACIFIC.—In the article published yesterday in regard to the seizure of the *Pacific*, there are several statements which are not according to the facts. It is said that she, on her last trip brought ... of opium, valued at $5,000, which did not appear on her manifest, and which is ... was concealed to avoid the payment of duties, and that it was found by the ... by the Collector. The attempt is made to charge the officers upon the officers of the ship, when the facts were, that the opium came on board as baggage with other trunks at Victoria, belonging to some one yet unknown, and that it was discovered here by the first officer and freight clerk, who reported the matter to the Inspector. No one of the officers till then knew anything of the contents of the trunks, containing the opium, and the present attempt to charge them with ... is unworthy of an honorable public officer, and looks more like a scheme to make money out of innocent men, than an effort to follow the simple requirements of duty. If a ship is to be made liable for the secret fraud of passengers, and her officers denounced as smugglers, when they are trying to assist the agents of the revenue in detecting offences against the law, gross injustice will be done. The matter will be investigated by the proper tribunal, and the public will learn who is in fault. A. M. BURNS, Master *Pacific*.

PORTLAND, March 11, 1865.

RECORDER'S COURT.—In the Recorder's Court yesterday, the following parties were up for violent and disorderly conduct: Bridget Freeman, Jim Chinaman and William Frost, the former fined $10; the two latter were committed to jail for two days. The case of the State of Oregon against Mahetholand ... and ... charged with having committed larceny on a discharged soldier at the brothel kept by one of the accused parties on Washington street, near First. It appeared from the evidence of the soldier, that he had spent the night previous at this den of infamy, and had been relieved of his wallet containing some $250, which he had lately received from his generous Uncle Sam. The frail ones were discharged for the want of evidence. We would recommend the inmates of this disreputable house, to the especial notice of the Marshal and his deputies. The soldier, after ascertaining the heavy losses he had sustained, rushed to the Recruiting Office and re-enlisted in the service of his kind old Uncle, satisfied by the brief experience of ten days freedom, that a little restraint would be beneficial to his health and morals.

THE CENTRAL MILITARY ROAD COMPANY.—Very little has been said in reference to the above incorporation, for putting a road through from Eugene City to the southeastern portion of this State, although quite a number of our leading citizens have been interested in it. Alternate sections of land have been granted to the Company, on the line of the road, by Congress, and to provide for that which might be taken on the route by private citizens before the passage of the act, an amendment, introduced by John R. McBride, on the 15th of January, was passed, granting other lands in lieu of such. These lands are located on sections designated by odd numbers, and extend over an area of three miles on each side of the surveyed road, of which 19,200 acres are to be sold by order of the Board of Directors, at Eugene, on the 28th inst. The projected road is to terminate at Dawson's Meadows in Nevada, where it is thought the Oregon branch of the Pacific Railroad will eventually intersect the main line of that great improvement.

A PURSE FOR THE VETERAN PIONEER.—We are informed that a purse of $500 goes by the steamer of yesterday to San Francisco, contributed to relieve the distress and poverty of John Gilroy, the Pioneer of Pioneers in California. Once Gilroy was rich; he has showered his generosity upon many, who, now successful in life, feel their obligations to relieve his wants; and the amount contributed above, goes from three of his old associates, two living at the Dalles and one in Portland. The Pioneer Association of San Francisco have done much in the matter of obtaining, for the aged founder of it, the needed assistance.

MEAN TIME.—Mean time, according to astronomers and almanac makers, is reckoned by the average length of all the solar days throughout the year. But mean time as known in this city, is the meanest kind of time, because the average is calculated by the various clocks of our jewelers, and no two of them will scarcely agree as to the time of day. Now that it has been decided to construct a fine edifice in the city in the building of the new Court House, would it not be a wise idea to include in the belfry a Town Clock? Such a thing is very much needed, and if it would not interfere with the plans of the building to its serious detriment, it certainly should be done.

THEATRICAL.—To-night will be presented at the Willamette Theatre, the great sensation drama of "Uncle Tom's Cabin," written by Harriett Beecher Stowe, which has been played repeatedly both in the Atlantic and Pacific States to crowded audiences. Mr. Potter will sustain the character of "Uncle Tom;" ... Taylor, "George Harris;" G. E. Waldron, ... Mrs. Estelle Potter ... "Eliza;" Miss Bella Divine, "Topsy;" Miss Bella Douglas, as "Cassy;" and "Eva," a beautiful character, by Little Emma. The remainder of the characters, no doubt, will be well sustained, and being a good bill, should warrant a large attendance.

THE STAMP ON SEGARS.—Hearing for the time since that a Copperhead representative from New York, (Brooks) had, on the 5th day of December, introduced a suggestion in Congress, that a one cent stamp be attached to each segar, we thought it had been actually adopted, when ... noticed lately; that the lovers of the ... were smoking segars with a peculiar paper band about them, but upon inquiry were told it was only a ... to distinguish the liking of popular ... here for a very nice article.

A DISTINGUISHED VISITOR.—We see it stated by the San Francisco papers, that Speaker Colfax proposes visiting California early in the coming summer. Schuyler Colfax, and should he visit *California*, we can assure the Union men of our State that he will give ... a call.

SAILING OF THE PACIFIC.—The California Steam Navigation Company's steamer *Pacific*, left this port at four o'clock yesterday, carrying aboard one hundred passengers and a full freight. Her manifest show $68,000 treasure, and of freight we have an assortment ... in the aggregate, at $35,895.60.

EARLY FLOWERS.—We noticed this morning at the stand of H. Martin, at the Post Office, some beautiful flowering plants ... from the garden of Mr. George Miller, Milwaukee, consisting of Early Tulips, Narcissus, Primroses, Verbenas, &c., all in bloom. Those who propose making gardens should call and see them.

THE PASSPORT SYSTEM.—The passport system was very intelligibly set forth in our dispatches yesterday morning. Two days have granted in each week for obtaining passports for British subjects about to enter the United States from Vancouver Island.

MULES AND HORSES.—The steamer ... left for the Cascades last evening at four o'clock, with a cargo of mules and horses for the upper Columbia trade. She would lay over at Vancouver last night and proceed to-day.

Brandreth's Vegetable Pills.—This medicine, of enduring efficacy, is justly prized as a corrector of all disorders of the stomach and bowels, the common symptoms of which are costiveness, ... loss of appetite, sick headache, giddiness, sense of bloating after meals, dizziness of the eyes, drowsiness and ... the stomach and bowels. These symptoms being suffered to remain, a torpid state of the liver supervenes and all the horrors of dyspepsia are experienced. Every function of the frame is to a certain extent prostrated. But a little perseverance in the use of BRANDRETH'S PILLS will even restore the system from this state of misery. Two or three doses will convince the afflicted of their salutary influence. The stomach will speedily regain its strength, a healthy action of the liver will soon take place, and instead of listlessness, heat, pain and jaundiced appearance, activity, strength and renewed health will be the blessed result. Brandreth's Pills are sold at 25 cents a box, enveloped in full directions. Purchase none unless my private Government stamp is on the box. See upon it "B. Brandreth" in white letters.

THE ONLY
First Premium
SEWING MACHINE
IS THE
GROVER & BAKER!
THE FLORENCE
NEVER HAS RECEIVED
A PREMIUM
OVER ANY
FIRST, SECOND OR THIRD CLASS
Sewing Machine!

We have already published the fact that the GROVER & BAKER SEWING MACHINE was awarded the HIGHEST PREMIUM at the Oregon State Fair, and it was denied by the agent of the Florence Machine; we have proven it by the affidavits from the President of the Society and ... of the five ladies who compose the Committee; the agent of the Florence replies that the statement and affidavits are of a later date than ours, and consequently ours must be a FABRICATION. ... publishes Mrs. Grubb's card, bearing date ... She says ... she was ENTIRELY MISREPRESENTED IN THE MATTER AND DATED JANUARY ... Also he publishes Mrs. Miller's card, dated January 6th, and he gives us an explanation, ... date of January 1st.

The Agent finding that he could not maintain his charge of Fraud in so obtaining the Premium by the SPECIAL COMMITTEE, CHANGES HIS BASE by calling into his aid a REGULAR COMMITTEE, WHO WERE NOT INSTRUCTED TO EXAMINE SEWING MACHINES AT ALL but MACHINE WORK.

In answer to the statements of N. O. PARRISH and MRS. CHURCH we append the statement of FACTS made by J. W. J. PIERSON and MRS. P. E. RODGERS, parties who are sufficiently well and favorably known to warrant due regard:

Statement.

The undersigned represented and exhibited the Grover & Baker Sewing Machines at the late Oregon State Fair and hereby affirm that the whole statement of the agent of the Florence Sewing machine, and of N. O. Parrish, ... and of Mrs. E. C. Church, relative ... is ... without foundation in anything approaching truth.

It has not been customary for the President of the Society to appoint a *Special Committee* to act upon Sewing Machines. Of this fact Mr. Parrish was aware, and consulted with us on the subject on the first day of the Fair. This Special Committee was appointed, as has been shown by Judge Thornton's affidavit, and examined and reported on both machines, ... Immediately on the decision being announced, the *Blue Ribbon* signifiant of the first premium was attached to the GROVER & BAKER Machine by the clerk, and the report read to the President in the presence of Mr. N. O. Parrish, agent of the Florence and Mr. J. W. J. Pierson, agent of the "GROVER & BAKER." The statement of Mr. Parrish that the decision could not be ascertained until after the close of the Fair is simply ridiculous under the circumstances. The exhibition of our machines was conducted in the most honorable manner, and the remark of Mr. Collins, traveling agent for the Florence, that "they had expended $1,000, and would expend another $1,000, if necessary, to obtain the premium," was satisfactory evidence to his hearers that money and not merit was what they relied on for victory. The First Premium was awarded to the "Grover & Baker" Machines, and was universally known during and after the Fair.

J. W. J. PIERSON,
MRS. P. E. RODGERS

So much for ... and there the question ... of the Premium at the Oregon Fair rests. We have the Report, giving Grover & Baker the First Premium, in our possession, properly authenticated, also, all the affidavits necessary to substantiate it, and open to the inspection of any interested party.

The agent of the Florence Machine further oversteps the mark, and makes a statement which betokens either an ignorance or a wilful and malicious falsifier. He says, "The loop stitch, however, by a chain-stitch machine ... with ANY lock-stitch machine, as has been shown by records of previous Fairs, HAS BEEN MORE FREQUENTLY CLASSED AS SECOND OR THIRD RATE THAN OTHERWISE," would be a disgrace indeed. Now we CHALLENGE Mr. Hill to show, in the first place, that the Grover & Baker, is a CHAIN-STITCH MACHINE, and in the next, to name ANY State or County Fair during the past four years where a shuttle ... has ... by the GROVER & BAKER, when in competition, and the premium ... *the premium which the Florence Machine* ... For his enlightenment on this point we append a FEW of the Fairs at which the "Grover & Baker" has NOT classed Second or third rate, BUT DEFEATED ALL OTHERS DURING 1864.

I certify that I am Corresponding Secretary of the Oregon State Agricultural Society; that the original copy of the Report of Committee on Sewing Machines at the Fair of 1864, has never been out of my possession more than 30 minutes since I received it from the Board of Managers; and that J. W. J. Pierson, Oregon Agent for G. & B. Machines ... in Portland ... had written to ... May of Salem for a copy of it, and that, too, nearly three weeks after the publication by the Agent in San Francisco, that he had it in his possession; further, that I am ... not apprised of the result of the decision of the Committee ... investigation, except as an officer of the Society.
E. M. WAITE,
Corresponding Secretary O. S. A. Society.
Subscribed and sworn to before me, this 28th of January, 1865.
LEVI ANDERSON, J. P.,
Multnomah county, Oregon.

The Grover & Baker Agent has used the name of J. E. THORNTON to show that Mrs. Hewe's statement was incorrect ... We do not know who ... THORNTON is. We are not willing to believe, however, J. QUINN THORNTON is the man, for he would blush to swear to such contemptible matters. J. E. Thornton's affidavit does not show, however, that Mrs. Howe was not right in her statement of the facts, that after a long ... deliberation it was finally decided and agreed by the Committee to *award the First Premium to the FLORENCE Machine as the best Machine for doing all grades of work;* and a Premium to the Grover & Baker Machine for Embroidery. ... and that they awarded the First Premium to the Florence Machine as the best Machine for doing all grades of work, and a Premium to the Grover & Baker Machine for Embroidery.

We trust it will not be supposed from our efforts to prove the justice of our claim to the Oregon premium ... however, by a chain-stitch machine, which, when exhibited in honorable competition with ANY lock-stitch are, as shown by the records of previous Fairs, *has been more frequently classed as second or third rate* than otherwise, would be a disgrace, indeed.

The history of the numerous wiles the Agent of that machine has attempted to ... the San Francisco Sewing Machine Agents.

The developments in the Salem matter show to what perfection long practice and experience in such transactions ... It is certainly amusing to follow the details in this deep-laid, premeditated and wicked plan. ...

Cure Your Cold, Save Your Lungs.

NEWELL'S

PULMONARY SYRUP

HAS

CURED THOUSANDS!

And it will Cure You!

"A Cough is generally the effect of a Cold, which has either been improperly treated or entirely neglected. When it proves obstinate there is

Always reason to fear the consequences,

as this shows a weak state of the lungs, and is often the forerunner of Consumption."—Buchanan's Domestic Medicine.

STOP THAN COUGHING!

Some of you can't, and we pity you. You have tried every remedy but the one destined, by its intrinsic merit, to supersede all similar preparations. It is this supposing you should be reluctant to try something else after the many experiments you have made of the many compounds boasted of the public as a certain cure. [illegible]

NEWELL'S

Pulmonary Syrup!

Is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefited by its surprising curative powers.

WHAT KILLED HIM!

Which, in some injudicious prescription had been converted into asthma." Let me say to Dr. Hall that [illegible]

Gentlemen: From representations made by Mr. Lillie, I was induced to purchase one of [illegible]

So Called "Fire Proof Safes."

On the 13th of February last, a fire occurred in our block, which destroyed a number of buildings, and our own with the rest. We had four boxes of papers and all in the safe. After the fire, the so called "safe" was taken from the ruins, and upon opening it we found that

LUNG BALSAM!

The Remedy for Curing

CONSUMPTION, COUGHS, COLDS,

Asthma, Croup,

Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS' TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction even in the MOST CONFIRMED CASES OF CONSUMPTION. IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it, if only taken in time.

Sold by all Druggists. Price $1 per bottle.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above-mentioned, and also—

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease in any way connected with the disordered or decay of the Procreative Functions. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once relieved, revivified and built up. We'll may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man, he stands erect, he moves with a firm step, his mind, which was previously sunk in gloom or an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor.— The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

STRANGURY AND BURNING,

URINATING,
PAINFUL, GRAVEL,

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in the early stages [illegible]

LUNG BALSAM!

The Remedy for Curing

CONSUMPTION, COUGHS, COLDS,

Asthma, Croup,

Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs,

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS' TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction, even in the MOST CONFIRMED CASES OF CONSUMPTION. IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it, if only taken in time.

Sold by all Druggists. Price $1 per bottle.
